Current Position, Institution and Start Date

Owner & Founder, Midwest Psychological Services, LLC	02/20-present
--	---------------

Education

Postgraduate Training

Rule 88- Divorce and Family Law Mediation Training Communication & Conflict Management Associates	03/27/26
--	----------

Basic Civil Mediaton Training (MO Rule 17) Confluence Missouri, Inc.	07/25/25
---	----------

Family Ties: Therapeutic Assessment and Treatment of High Conflict Separated Parents and their Children, Anna Freud Institute.	11/24
---	-------

Fundamentals of Emotionally Focused Therapy	2024
---	------

Partners in Parenting Education (Certified)	03/20
---	-------

Dyadic Developmental Psychotherapy (Certification in process)	
- Level I	05/18
- Level II	06/19

Autplay Therapy (Certified)	08/16
-----------------------------	-------

Theraplay (Foundational Certification)	04/19
--	-------

Incredible Years – School Age (Certification in process)	09/15
--	-------

Triple P – Primary Care Stepping Stones Positive Parenting Program (Certified)	06/15
--	-------

Triple P – Stepping Stones Postive Parenting Program (Certified)	06/14
--	-------

Autism Diagnostic Observation Schedule (Clinical & research training)	09/11
Nurturing Parenting (Received training, no certification available/required)	09/10
Post Doctoral Fellow, University of Missouri-Columbia, School of Medicine Department of Psychiatry, Missouri Institute of Mental Health	02/97-05/99
Internship, St. Louis Psychology Internship Consortium (post M.A.)	07/95-06/96
Internship, Washington University Student Counseling Program (post M.A.)	07/93-06/94

Graduate Degree

Ph.D., Clinical Psychology, University of Missouri-St. Louis Dissertation: Touch during the therapy hour: The impact of gender, gender role socialization, diagnosis, professional training and professional experience	07/92-05/97
M.A., Clinical Psychology, University of Missouri-St. Louis	08/90-05/92

Undergraduate Degree

B.A., Psychology, Brandeis University	01/84-05/88
Bryn Mawr College	08/84-12/84

Previous Professional Experience

Missouri Disability Determinations Mental Health Examiner	2024; 2021-2022; 1995-1996
Professor, Saint Louis University, School of Medicine, Department of Pediatrics, with Tenure	07/18 -06/21
Associate Professor, Saint Louis University, School of Medicine, Department of Pediatrics, with Tenure	02/11 – 06/18
Research Associate Professor, University of Missouri-St. Louis	10/10-02/11
Research Associate Professor, University of Missouri-Columbia, School of Medicine, Department of Psychiatry, Missouri Institute of Mental Health	06/06-09/10
Research Assistant Professor, University of Missouri-Columbia, School of Medicine, Department of Psychiatry, Missouri Institute of Mental Health	06/99-05/06
Research Assistant, University of Missouri-St. Louis	09/93-05/96

Research Associate, Harvard University, Henry Murray Research Center	12/88-06/90
--	-------------

Hospital and Clinical Staff Appointments

SSM, Cardinal Glennon Children's Medical Center, Knights of Columbus Developmental Center, Clinical Psychologist	05/11- 06/15
--	--------------

SLUCare, Danis Pediatric Center, Clinical Psychologist	07/15-06/21
--	-------------

Licensure & Authority to Practice

Missouri Psychology Licensure/Health Service Provider – # 2000166019

Authority to Practice Interjurisdictional Telepsychology, PSYPACT – # 19984

Professional Society Memberships

International

Dyadic Developmental Psychotherapy Institute	05/18-06/21
--	-------------

National

Association of Family and Conciliation Courts	2024-present
---	--------------

Society for Developmental and Behavioral Pediatrics	04/17-06/21

Teaching Responsibilities

Administration

Danis Pediatric Center Positive Parenting Program Director	09/15-06/21
Knights of Columbus Clinical Psychology Clerkship Director & Supervisor	08/11-07/14
St. Louis Psychology Internship Consortium Training Coordinator	09/00-08/02

Courses and Lectures or Topics

Educational Research Methods I, University of Missouri – St. Louis	06/01-08/02
Mental Health Policy, Washington University	09/98-05/99
Interdisciplinary Theories on Women, University of Missouri – St. Louis	01/93-12/96
Psychology of Women, University of Missouri – St. Louis, St. Louis	09/92-05/99

Clinical Teaching Responsibilities

Behavioral Issues: Birth to 12 Years Saint Louis University, School of Medicine General Academic Pediatrics Pediatric Academic Half Day	02/2019
Neurodevelopmental Disorders Saint Louis University, School of Medicine General Academic Pediatrics Pediatric Academic Half Day	10/17, 09/18
Pediatric Mental Health: Externalizing and Internalizing Disorders, Saint Louis University, School of Medicine General Academic Pediatrics Resident Noon Lecture	10/16
Social Emotional Milestones: Birth through 5 Years, Saint Louis University, School of Medicine Developmental Pediatrics Fellow Lecture	2014-2015

Developmental Theory I, Saint Louis University, School of Medicine Developmental Pediatrics Fellow Lecture	2013-2015
Developmental Theory II, Saint Louis University, School of Medicine Developmental Pediatrics Fellow Lecture	2013-2015
Externalizing Disorders, Saint Louis University, School of Medicine Developmental Pediatrics Fellow Lecture	2013-2015
Infant and Toddler Social Emotional Development, Saint Louis University, School of Medicine Monthly Developmental Pediatrics Resident Lecture	03/12–08/13
Research Elective for Medical Students, Saint Louis University, School of Medicine, Department of Pediatrics	09/11-12/17
Positive Adaptation: Clinical Applications, Saint Louis University, School of Medicine Monthly Developmental Pediatrics Resident Lecture	07/11–08/13
Clinical Psychology Clerkship Supervisor-University of Missouri-Columbia, Department of Psychiatry	06/07-12/11
Saint Louis Psychology Internship Consortium Supervisor- University of Missouri-Columbia, Department of Psychiatry	09/06-08/07

Protégés

Dissertations

Jill Meyer, The effects of coping on the psychological well-being of individuals who are late deafened, University of Missouri-St. Louis	2009 – 2010
Mary Dugan, The Spiritual Well-Being Scale: Psychometric properties for a sample of African American women, University of Missouri-St. Louis	2003 – 2005

Faculty, Fellows, Residents, Students

Jennifer, Heithaus, MD, Saint Louis University	09/18-06/19
Charles Jaschek, BA, Saint Louis University, MS1-MS2	09/16-12/17
- SLU School of Medicine Summer Research Fellowship	06/17-08/17
Taryn White, BA, Saint Louis University, MS1–MS4	06/14-05/17
- SLU School of Medicine Alpha Omega Alpha Honorable Mention	01/2017
- APA Region VI Fall Meeting Research Trainee Award, First Place	09/16
- SLU School of Medicine Summer Research Fellowship	06/14-08/14
Lacey Hall, BA, Southern Illinois University, Psychology Graduate Student	01/14-05/14
Sohail Nibras, MD, Saint Louis University, Medical Resident Applicant	06/13-05/14
Jonathan Paulson, BA, Saint Louis University, MS1-MS2	09/12-05/13
Jennifer Wilmott, MPH, Saint Louis University Public Health Doctoral Student	07/12-05/15

Allison Kang, BA, Saint Louis University, MS1	09/11-05/12

LaSheena Barnes, BA, Saint Louis University Clinical Psychology Clerkship	09/11-08/12
Mizraw Baig, MD, Saint Louis University, Medical Resident Applicant	05/11-05/13
Brianna Mann, BA, University of Missouri-St. Louis Psychology Clerkship	09/10-12/11
Heather Eisele, BA, University of Missouri-St. Louis Psychology Clerkship	06/07-07/10
Jerri Dunn, BA, University of Missouri-St. Louis Psychology Intern	09/00-08/01
Nicole Thomson, BA, Saint Louis University Psychology Student	09/99-05/03

Research Support

Past Funding

Saint Louis Mental Health Board **Zand (PI)** **07/18-06/21**
Improving Mental Health: Parent and Child Collaborative Treatment (IMPACCT)

Goal: To develop and evaluate a multi-tiered parenting intervention approach based upon caregiver's readiness to change and individualized child, caregiver and family needs.

Objectives: 1) To employ a quasi experimental, longitudinal design to assess outcomes.

Role: To oversee all aspects of the project's design, implementation, and dissemination.

Total Funds: \$609,000

Saint Louis University, School of Medicine, Pediatrics **Zand (PI)** **07/17-06/21**
Development and Validation of the Brief Assessment of Emotional Regulation (BAER)

Goal: To develop (Phase 1) and validate (Phase 2) a Brief Assessment of Emotional Regulation on 119 parents of children (ages 18 months to 36 months) who receive primary care within a large urban pediatric practice.

Objectives: 1) To generate an item pool; 2) To examine the tool's psychometric properties; 3) To leverage study findings to secure extramural funding.

Role: To oversee all aspects of the project's design, implementation, and dissemination.

Total Funds: \$25,000

Saint Louis Mental Health Board **Zand (PI)** **07/15-06/18**
Positive Parenting (P-Square) Program: Healthy Children, Healthy Families

Goal: To pilot the Primary Care Postive Parenting Program (PC-SS Triple P) on parents of children who are seen in in a large, urban pediatric practice.

Objectives: 1) To employ a single group, pre- post-test design to assess preliminary outcomes; 2) To use qualitative methodologies to determine acceptance and feasibility.

Role: To oversee all aspects of the project's design, implementation, and dissemination.

Total Funds: \$600,000

St. Louis Maternal and Child Family Health Coalition **Zand (PI)** **09/15- 06/16**
Depression Screening in Pregnant/Post-Partum Women

Goal: To expand the screening, assessment and treatment of post-partum depression with St. Louis Missouri.

Objectives: 1) To emplo a single group, repeated measures design to explore project outcomes

Role: To provide consultation on data management, data analyses, and report writing.

Total Funds: \$24,000

Saint Louis University President's Research Fund Zand (PI) 10/14- 05/16
Primary Care Stepping Stones Positive Parenting Positive Parenting Program (PC-SS
Triple P) with Parents of Children Newly Diagnosed with Autism

Goal: To pilot the PC-SS Triple P on parents of children newly diagnosed with Autism.

Objectives: 1) To employ a 2-group pre- post-test design with random assignment using 76 parents of children, ages 2 to 12 years, newly diagnosed with autism; 2) To use qualitative methodologies to determine acceptance and feasibility.

Role: To oversee all aspects of the project's design, implementation and dissemination.

Total Funds: \$29,000

Autism Speaks	Maxim (PI)	10/14-04/15
----------------------	-------------------	--------------------

Autism Treatment Network

Goal: To provide comprehensive, research informed, coordinated multidisciplinary services for children with autism and their families.

Objectives: 1) To conduct clinical and health related research; 2) to conduct outreach and family education; 3) To disseminate information to professionals

Role: Co- Principal Investigator

Total Funds: \$400,000

Administration for Children and Family Services	Zand (Site PI)	10/12- 09/15
--	-----------------------	---------------------

Family Empowerment Project:

Goals: 1) To provide data for a multi-site longitudinal child abuse prevention study; 2) To test the effectiveness of the Queen of Peace Center's Early Childhood Program, a 36 week empirically supported parent mediated intervention, on improving the developmental trajectories of infants and toddlers who were exposed to maternal drug and/or alcohol abuse.

Objectives: 1) To employ a longitudinal, quasi-experimental design using 200 pregnant or postpartum women and their children (ages birth through 48 months) who are entering residential substance abuse treatment services within the St. Louis, Missouri region through either the Queen of Peace Center (Treatment Group, N=100) or through Bridgeway Behavioral Health (Comparison Group, N=100); 2) To use a mixed method design to measure and evaluate mediators of outcomes; 3) To implement an extensive dissemination plan.

Role: To design, implement and oversee all aspects of the research including human subjects' compliance, data collection, data management, data analyses, interpretation, dissemination and multi-site data sharing.

Total Funds: \$301,314

Missouri Department of Mental Health Maxim (PI) 02/11-05/15

Autism Treatment Grant

Goal: To improve the health of children and adolescents in Missouri diagnosed with autism.

Objectives: 1) To conduct diagnostic assessment of children suspected of being on the autism spectrum; 2) To conduct trainings on autism spectrum disorders to both lay and professional audiences.

Role: Clinician/diagnostician, educator (Key personnel)

Total Funds: Provided .50FTE salary coverage

Department of Elementary and Secondary Education Zand (PI) 09/10-11/11
Policy and Practice with Medically Fragile, Developmentally Disabled Infants and
Toddlers

Goal: To assess the effectiveness of Nurturing Parenting, an 8 week empirically supported parent mediated intervention designed to increase parents' sense of self-worth, personal empowerment, empathy, bonding, and attachment, as well as to increase parents' knowledge of age-appropriate developmental expectations and improve child developmental trajectories.

Objectives: 1) To design and implement a longitudinal randomized control trial with 200 parents of children receiving early intervention (EI) services as specified in Part C of the Individuals with Disabilities Education Improvement Act (ages 0-3). Parents were randomized into one of two conditions: a) Nurturing Parenting, (N=100) or b) Treatment as Usual, (N=100); 2) To use a mixed method design to measure and evaluate mediators of outcomes, 3) To implement an extensive dissemination plan, 4) To generate policy recommendations for the Missouri Department of Mental Health.

Role: To oversee all aspects of the project's design, implementation, and dissemination.

Total Funds: \$495,000

Missouri Department of Mental Health Zand (PI) 09/10-11/11
Policy and Practice with Children with Co-Occurring Developmental Disabilities and
Psychiatric Disorders

Goal: To identify best practices for treating children with co-occurring developmental disabilities and psychiatric disorders

Objectives: To develop treatment and policy recommendations for the Missouri Department of Mental Health on children with co-occurring developmental disabilities and psychiatric disorders.

Role: Lead researcher and primary author of final report

Total Funds: \$3,000.

Administration for Children and Families Zand (Site PI) 10/08- 12/13
Extreme Recruitment

Goal: 1) To provide data for a multi-site longitudinal family reunification study; 2) To test the effectiveness of the Foster and Adoptive Care Coalition's Extreme Recruitment Program, a 12-21 week intervention designed to promote the positive adaptation of children transitioning out of Missouri's foster care system.

Objectives: 1) To conduct a longitudinal randomized control trial with 300 youth (ages 10-18) who are in the process of transitioning out of Missouri's child welfare system. Youth were randomized into one of two conditions: a) Extreme Recruitment, (N=150) or b) Treatment as Usual, (N=150); 2) To use a mixed method design to measure and evaluate mediators of outcomes; 3) To implement an extensive dissemination plan.

Role: To design, implement and oversee all aspects of the research including human subjects' compliance, data collection, data management, data analyses, interpretation, dissemination, and multi- site data sharing.

Total Funds: \$500,000

Administration for Children and Family Services Zand (Site PI) 10/07-2/11

Circle of Hope

Goal: 1) To provide data for a multi-site longitudinal child abuse prevention study; 2) To increase the well-being of and improve the permanency outcomes for children affected by maternal methamphetamine or other substance abuse within Missouri's Southwestern Region

Objectives: 1) To develop a seamless, integrated family centered service delivery system; 2) To advance the evidence based and research on behavioral health systems of care.

Role: To design, implement and oversee all aspects of the research including human subjects' compliance, data collection, data management, data analyses, interpretation, dissemination, and multi-site data sharing.

Total Funds: \$3.2 million

National Institute of Mental Health–P30 MH068579-02S1 Proctor (PI) 09/06-06/07 Research Network Development Core

Goal: To build a research related infrastructure within Missouri's Child Welfare (CW) and the Division of Senior Services and Regulation (DSSR).

Objectives: 1) To create, strengthen and formalize relationships among researchers, the CW, the DSSR, and key mental health stakeholders; 2) To incubate ideas for quality improvements and research projects, and 3) To increase sustainable research capacity of CW and the DSSR

Role: To design the project's implementation and outcome evaluation (Key personnel)

Total Funds: \$2.1 million.

Substance Abuse Mental Health Service Administration Zand (Site PI) 10/03-09/10 Transitions: St. Louis System of Care

Goal: 1) To create a network of effective community-based services and supports to improve the lives of children and youth with or at risk of serious mental health conditions and their families; 2) To provide data for a national multi-site longitudinal children's mental health study.

Objectives: 1) To expand and enhance the availability of seamless, comprehensive, coordinated, long term care across service sectors for children with serious mental health conditions and their families residing in St. Louis, Missouri; 2) To advance the evidence based and research on behavioral health systems of care.

Role: To design, implement, and oversee all aspects of the research including human subjects' compliance, data collection, data management, data analyses, interpretation, dissemination, and multi-site data sharing; to participate in national meetings/committees.

Total Funds: \$7.5 million

Substance Abuse Mental Health Service Administration Zand (Site PI) 10/01- 06/05 Project Youth Connect

Goal: 1) To provide data for a multi-site longitudinal youth substance abuse prevention study; 2) To test the effectiveness of a 1 year mentoring program on preventing substance use among youth (ages 9-19 years) residing in St. Louis City.

Objectives: 1) To employ a repeated measure, quasi-experimental design using 200 youth who attend middle schools within St. Louis City School District (100 per group); 2) To use a mixed method design to measure and evaluate mediators of outcomes; 3) To implement an extensive dissemination plan.

Role: To design, implement, and oversee all aspects of the research including human subjects' compliance, data collection, data management, data analyses, interpretation, dissemination and multi-site data sharing; to participate in national meetings/committees.

Total Funds: \$1.2 million

**Substance Abuse Mental Health Service Administration Walker (Site PI) 10/99 - 10/03
Community Initiated Prevention Intervention**

Goal: 1) To provide data for a multi-site longitudinal substance abuse prevention study; 2) To determine the effectiveness of Botvin's Life Skills Training Program on delaying the onset of illicit substance usage among youth.

Objectives: 1) To employ a repeated measure, quasi-experimental design using 200 youth between ages 10-14 who reside in St. Louis, Missouri (100 per group); 2) To use a mixed method design to measure and evaluate mediators of outcomes, 3) To implement an extensive dissemination plan.

Role: To design, implement and oversee all aspects of the research including human subjects' compliance, data collection, data management, data analyses, interpretation, dissemination and cross-site data sharing (Key personnel)

Total Funds: \$1.5 million

**Substance Abuse Mental Health Service Administration Zand (Site PI) 10/98-09/00
Partnership with Families**

Goal: 1) To create a network of effective community-based services and supports to improve the lives of children and youth with or at risk of serious mental health conditions and their families; 2) To provide data for a national multi-site longitudinal children's mental health study.

Objectives: 1) To expand and enhance the availability of seamless, comprehensive, coordinated, long term care across service sectors for children and their families residing in St. Charles, Missouri; 2) To advance the evidence based and research on behavioral health systems of care.

Role: To design, implement, and oversee all aspects of the research including human subjects' compliance, data collection, data management, data analyses, interpretation, dissemination, and multi-site data sharing; to participate in national meetings/committees.

Total Funds: \$7.5 million

**Substance Abuse Mental Health Service Administration Zand (Site PI) 10/98-12/01
Project Youth Connect**

Goal: 1) To provide data for a multi-site longitudinal substance abuse prevention study; 2) To test the effectiveness of a 1 year mentoring program on delaying the onset of illicit substance usage among youth (ages 9-19 years) residing in St. Louis City.

Objectives: 1) To employ a repeated measure, quasi-experimental design using 200 youth between ages 9-19 who reside in St. Louis, Missouri (100 per group); 2) To use a mixed method design to measure and evaluate mediators of outcomes; 3) To implement an extensive dissemination plan.

Role: To design, implement, and oversee all aspects of the research including human subjects' compliance, data collection, data management, data analyses, interpretation, dissemination and multi-site data sharing; to participate in national meetings/committees.

Total Funds: \$1.5 million
